

# Troy Alves

I am proud to be a member of Waterloo Minor Soccer Club and to be considered for a position as Director.

I live in Waterloo and grew up here. I have been coaching with WMSC in the recreational program for over 12 years, and have had involvement in the Club for almost 20 years coaching at the competitive level and with the senior women's teams. I am proud to have served on the board in the early 2000's. My daughter has grown up playing for Waterloo Minor Soccer, and even though she is no longer playing I enjoy my continued involvement as a volunteer non-parent coach.

I am self-employed and have excellent business and financial management and interpersonal skills, and exercise effective creativity and attention to detail.

I am motivated to build an improved volunteer base and greater social media platform.

I have great respect for the Club and its membership and believe that I will be able to contribute to Waterloo Minor Soccer in beneficial ways as a Director.
