

Hi Folks,

My name is Vince Bettencourt. I live in Waterloo and participated in this club as a coach and on the recreational programs committee. I have been a convenor, skills testing field rep and more for over 20 years. Wow it surely doesn't seem that long. I must have been having fun.

I am a small business owner and I continue to play soccer myself and take an active interest in our club.

I would like to continue to participate in club activities as a member of the Board of Directors. I feel that working together we can continue to improve our club and its players. Thank you for the support that I have been shown so far and I hope to get your vote on Wednesday December 6th.

Cheers!
